

Feeling Good

Levon Helm (2007) from J. B. Lenoir (195x)

Feeling good, feeling good

All the money in the world spent on feeling good

A wino met me in the street

He said, "Help me find some Sneaking Pete

Help me brother, I wish you would

I feel so bad and I wanna feel good"

Feeling good, feeling good

All the money in the world spent on feeling good

Solo

Riding around with friends

Cadillac and everything

All those fine drinks

Lemonade and everything

Feeling good, feeling good

All the money in the world spent on feeling good

Solo

Feeling good, feeling good

All the money in the world spent on feeling good

You know all your fine things

A big Cadillac and everything

They're making diamond rings

The expenses are all a dream

Feeling good, feeling good

All the money in the world spent on feeling good

Solo

Feeling good, feeling good

All the money in the world spent on feeling good

Solo
