I'm through with love, on account of you
I'm through with love, on account of you
Your love's so bad, I'm through with you

I'm tricked again, on account of you
I'm tricked again, on account of you
Your trick's so bad, I'm through with you

I got in jail, on account of you
I got in jail, on account of you
Your jail's so bad, I'm through with you

Solo

I'm going home, on account of you
I'm going home, on account of you
Your home's so bad, I'm through with you

Now look at me, on account of you
Now look at me, on account of you
I look so bad, I'm through with you

Solo

It's over now, on account of you
It's over now, on account of you
You did so bad, I'm through with you
