

She Done Sold It Out

Memphis Jug Band (1934)

You know I had a gal, she run a java shop
I asked her how about it, not a crust in that shop

You outta know, she done sold it out
You outta know, she done sold it out
You outta know you outta know, boy, she done sold it out

You know a man walked in, say have you any eggs
Say I'll sell you some meat, if you furnish your bread

Chorus

Now the butchers in the market, they begin to pout
She sold all their meat, and the butchers could not sell out

Chorus

Fiddle/mandolin/jug jam

You know they taken her 'fore the judge, the judge asked her what is your name
Cooncan Susie, and my mother was to blame

Chorus

You know the judge said little girl, you know you're rather bold
You can sell me some meat, just before you go

Chorus

I'm going to the races, see my pony run
I believe I can find something just begun

You outta know, I done sold her out
You outta know, I sold the race all out
You outta know you outta know, I done sold it out, out, out-ow-ow
