Now yonder comes Jimmy, he's coming down the street  
He's got a knot in his back like Mr. **Charlie's feet**

**Now what's the matter** with the thing? **Aw, beedle-am-bam**  
**Now what's the matter with the thing? You hear me talking to you**  
**Now what's the matter**, what's the matter? **I never seen** such a **thing before**

There was old lady Dinah, she was sitting on a rock  
Had a forty dollar razor trying to **shave that knot...**

Yes my mother taught me, father taught me too  
Son that thing in Memphis, gonna be the **death of you...**

I'm gonna chew my 'bacco, I'm gonna spit my juice  
I'm gonna **save that thing for my particular use...**

Yes, the cold lady rose, about half past four  
Mama you don't mean me no good, I'll get to **use you no more...**

I went down on the lake about half past four  
I seed two bullfrogs doing their **courting down low...**
